XPS International, LLC

History of CEO, Chairman

Personal History

The founder of XPS International, LLC is B. Vincent Crist, with a Ph.D. in organic chemistry, has been in the business of XPS since 1983, when he joined Surface Science Laboratories, a public chemical analysis laboratory. He has been an applications engineer for Hakuto Co. Ltd in Japan, sales manager for VG Scientific in Japan, lab manager at Ames Laboratory (US-DOE) at ISU, lab manager at Accurel Systems International in California, USA and surface scientist at Seagate Technologies and Komag Inc, located in the Silicon Valley. He published a 3 volume set of handbooks with John Wiley & Sons in 2000, titled *Handbooks of Monochromatic XPS Spectra*. Dr. Crist has been invited to speak on applied and practical aspects of XPS.

He is an active member of the Technical Committee (TC/201) of the International Standards Organization (ISO) on Surface Chemical Analysis which is known as a member of the American Vacuum Society (AVS), Surface Analysis Society of Japan (SASJ), a member of the American Chemical Society (ACS) and a member of the American Society for Testing and Materials (ASTM). The founder was recruited as an Advisory Board Editor for the journal "Surface and Interface Analysis" published by Wiley & Sons.

XPS International, LLC

Product List

List of Products

XI SpecMaster Database Systems

Systems made with up to 40,000 XPS Spectra, Software, 5 Handbooks of Spectra, PDF Books and Training movies.
Price Varies: \$1,500-11,000 per system

Spectral Data Processor (SDP v4.3) software

Software that processes XPS, AES, synchrotron and other spectral data.
Price varies: \$725 per license, \$1900 for site license

Training Movies

Audio-visual computer based movies that provide step-by-step instructions on how to operate XPS data processing software
Price: \$150-\$200 for 10-25 movies (5-10 min/movie)

Handbooks of Monochromatic XPS Spectra Vol. 1-5

A series of books (A4 landscape format) with XPS spectra having peak assignments, peak-fits and supporting information.
Price: \$2,550 for 5 volume set

Product List

List of Products *PDF Spectra Handbooks*

PDF versions of Handbooks of Monochromatic XPS Spectra that are fully annotated with chemical state assignments and a system of hyper-links via periodic table based interfaces.

Price Varies: \$300-\$525 per copy

Charts of Fundamental Data-Information

Wall and desk charts (plastic or laminated) that provide useful tables of information for everyday use.

Sizes range from: letter or A4 size up to 4ft x 6ft.

Price varies: \$55-\$300

XI Format-Converter Version 2.9

Specialized software that converts ASCII based spectra files into XI-Binary or VAMAS file format.

Price: \$200 per copy

Journal of AES and XPS Reports (JAXR)

A virtual journal running on the www.xpsdata.com web site produced by XI LLC
